Ok -- Julie, Joe, the August 9 statement is on the website, but it is mostly an update and summary of facts and ongoing activity. I'm not sure what in there will help you with any context for Montana, perhaps you could refer reporter to EPA website info on SF sites in Montana for reference.

We will have another update later today.

Rich

I recommend we stick to statement already out there. Let's not reframe it for MT just yet.

Julie, Joe—per your call about Montana media calls on the Gold King mine release and messaging, this website is getting up and running as a source for updates.
